Thank you so much for sharing this quote and for your kind words. It captures the impact of our project very well, and I will incorporate it into the poster and share the updated version with you shortly.

Best regards,  
Harshal

**Subject:** Request for a short quote for our poster

As discussed on our recent call, we are preparing a poster about our project with Troy & Banks, with some minor updates and refinements to the content. We would like to include a short quote or feedback from you to highlight your perspective on the work we are doing together.

If you are comfortable, could you please share 2–3 sentences or one one-liner quote on any of the following:

- How this project contributes to Troy & Banks' business
- How our work has been helpful to your team
- Your experience working with us (communication, responsiveness, collaboration)

We will include your quote on the poster and can share the final version with you before it is presented. Thank you in advance for your time and support.

Best regards,  
Harshal Patil
